W O R K E X P E R I E N C E

DIGIOLE OY

UX Intern (Jun - Sep 2021)

Designed UX logic with low-fi wireframing in figma using Digiole's design system.

Documented user story information with design justification and style guides via Notion.

Translated low-fi wireframes into working hi-fi prototypes by using component-driven design logic.

TACO BELL, FINLAND

Shift Manager - (July 21 - Present)

Managing schedules, accepting time off requests and finding coverage for shifts.

Training and mentoring of new employees to maximise team performance.

Adhering compliance requirements for operations and cleanliness of areas.
